Nicola Irwin

B(Hons)OT MA MBA

Case Manager and Expert Witness

PERSONAL STATEMENT

Nicola has extensive experience in the management and delivery of case management, vocational rehabilitation and expert witness services for catastrophically injured clients. Nicola has worked in Australia and the United Kingdom in both private and public healthcare and insurance sectors. Nicola is involved in supervision, training and mentoring professional colleagues, as well as devising and delivering modular teaching programmes.

Nicola is the Managing Director of Keystone Case Management Ltd and holds the responsibility for the overall business performance alongside the clinical leadership. She maintains a small caseload, supporting catastrophically injured clients.

Nicola has worked as a case manager since 1999 and has been preparing litigation reports since 2005. She has been cross-examined in Court as a Care and Occupational Therapy expert. In 2012 she was the recipient of the CMSUK Case Manager of the Year award. Nicola undertakes regular refresher training in the revised Civil Procedure Rules.

Nicola has worked at board and committee level representing membership organisations for case managers and for occupational therapists working as expert witnesses in the UK. In 2017 she was appointed as a Director on the Board of CMSUK and she is currently assisting with the development of accreditation of case managers in the UK through the Institute of Registered Case Managers.
